SNOWSTRIKER™ SNOWPLOW

“In Finland we have snow for 6 months out of the year. We truly know snow removal technology!”

SNOWSTRIKER™ STRAIGHT BLADE

1650-2600 STRAIGHT BLADE FOR PICKUPS, UTVS, TRACTORS, TRUCKS

This is the first plow of its kind built in Europe - and built for European pickups, UTVs, tractors and trucks.

The Hilltip Quick Hitch mounts makes this easy on-and-off snowplow compatible with most pickups, SUVs and UTVs on the market.

The SnowStriker™ tractor plows are designed with a heavy duty box construction for hard winter conditions, and fits compact tractors and loaders with a total weight of 2,5 - 5 ton.

SnowStriker™ SML snow plow with lifting device, designed for trucks and municipal machines. As the widest snow plow in our product range, and with the same outstanding characteristics as the other SnowStrikers™, it will take productivity to a whole new level when fighting the winter.

PLOW DESIGN

The curved, powder-coated blade is made of high-strength steel, which in this case is the key to our durable but light plow. The adjustable two-segment cutting edge is available in polyurethane or high-strength steel.

Straight blade truck plow

Straight blade tractor plow

Straight blade pickup plow

Straight blade UTV plow

SNOWSTRIKER™ STRAIGHT BLADE

Quick hitch - lift shoe handle to attach your plow to the vehicle.

Joystick

Cutting edge with trip springs

6° tilt angle

STANDARD FEATURES	PICKUP	UTV	TRACTOR	TRUCK
Cutting edge in two segments with trip springs protects the plow and vehicle when striking curbs or other obstacles. The trip springs on one side of the cutting edge will be compressed when hitting an obstacle, while the other cutting edge segment stays on the ground.	✓	✓	✓	✓
Adjustable attacking angle	✓	✓	✓	✓
Down-pressure function presses the plow down for a cleaner scrape.	✓	✓		
High performance 12V power unit inside enclosed housing.	✓	✓		
Light tower with LED headlights.	✓			
LED edge-markers	✓	✓		✓
Curved blade for optimal snow-rolling effect.	✓	✓	✓	✓
Hilltip Quick Hitch mounting system - fast and easy plow attachment to car, with all-in-one electrical plug.	✓	✓		
Blade tilts and oscillates while plowing on uneven ground for a cleaner scrape (6°).	✓	✓	✓	✓
Self-diagnostic in-cabin joystick	✓	✓		✓ *
Direct cylinder lift	✓	✓		✓
Double acting cylinders			✓	
Equipped with a parallel lifting device.				✓
Direct truck hydraulic				✓

* only on electro hydraulic model

SNOWSTRIKER™ STRAIGHT BLADE

OPTIONAL FEATURES	PICKUP	UTV	TRACTOR	TRUCK
