4-Stroke Tiller

4-Stroke Tiller/Cultivator

All the features and benefits of the classic Mantis Tiller/Cultivator, now with a 4-Stroke Honda engine! It's easy to start, requires no fuel mixing, and weighs only 11 kg/24 lbs.

This is one tool that's useful all season — from the first of spring, when you dig your beds and plant your garden until the last of autumn, when you turn it all under.

Mantis 4-Stroke Tiller

- Easy to start. No fuel mixing required!
- Weighs only 11 kg/24 lbs.
- Easy to handle, fun to use.
- Patented serpentine tines.
- Easily tills down up to 25 cm/10 in. deep.
- Cuts through hard sod, compact soil or tangly weeds.
- Weeds and cultivates even in narrow rows.
- Convenient 23 cm/9 in. tine width.
- Convenient, fold-down handles

Features

- Comfortable, easy grip handles
- Fold-down handles for convenient storage
- Pushbutton priming for quick, easy starts
- Runs all day on 5 litres of petrol
- **Powerful, Honda 4-stroke engine**
- Kickstand lets you "park" your tiller anywhere, and flips up when you are tilling
- One-piece, cast transmission for durability
- Patented serpentine tines cut through clay and sod
- Tines have a lifetime guarantee against breakage
- Tines spin at up to 200 rpm
- Tines can be reversed for weeding

4-Stroke
TILLER/CULTIVATOR

No. 7263

Kickstand No. 4333

Tiller Kickstand

Just like a bicycle kickstand, our tiller kickstand lets you "park" your Mantis Tiller anywhere. Attaches easily to the tiller handles, and flips up or down for instant use. Lets you stand your Mantis Tiller anywhere you like. Flips up during tilling, then down for easy storage. Solid steel construction.

Electric Tiller

Mantis Electric Tiller

Plug it in, pick a speed, start tilling!

It weighs just 9.5 kg/21 lb., so it's easy to carry, easy to lift into raised beds, and easy to handle. Don't let the lightweight fool you. It's powerful! The secret is in our tine design. Only Mantis' patented serpentine tines can be so effective on a lightweight tiller.

The quiet operation of the Mantis Electric Tiller/Cultivator makes it perfect for "early risers", suburban, townhouse, and city gardeners. Plus a variety of attachments and accessories will help you perform all of your gardening tasks.

Eco-Friendly Mantis Electric Tiller

- 3-Speed Heavy Duty Electric motor.
- Weighs only 9.5 kg/21 lb.
- Easy to handle, fun to use.
- Patented serpentine tines.
- Easily tills down up to 25 cm/10 in.
- Cuts through hard sod, compact soil or tangly weeds.
- Weeds and cultivates even in narrow rows.
- Convenient 23 cm/9 in. tine width.
- Convenient, fold-down handles

Features

- Easy squeeze throttle trigger with three speeds
- Built-in extension cord holder
- Comfortable, easy grip handles
- Fold-down handles for convenient storage
- **Electric motor provides easy starting and quiet operation**
- Kickstand lets you "park" your tiller anywhere, and flips up when you are tilling
- One-piece, cast transmission for durability
- Patented serpentine tines cut through clay and sod
- Tines have a lifetime guarantee against breakage
- Tines spin at up to 240 rpm
- Supplied with a 10 metre cable
- Tines can be reversed for weeding

Electric
TILLER/CULTIVATOR

No. 7252

Border Edger No. 3222

Border Edger

Cuts neat, crisp edges where your flower beds meet the lawn and creates clean edges around mulched trees. Includes rubber wheel and a sharp steel slicer blade.

Planter

Two special tines dig deep planting beds for potato eyes, asparagus roots, onion sets, and flower bulbs. Great for tilling in narrow areas. Saves time and energy in the garden. (15-25 cm/6-10 in. wide)

Perfect for creating raised beds and is great for cutting trenches for underground irrigation hoses, or low-voltage lighting.

No. 6222

Crevice Cleaner

Shown with optional wheel kit

The Crevice Cleaner cleans out weeds and dirt from the cracks in patios and pathways! Saves hours of time and backbreaking work! 34 tough steel bristle brushes, arrayed around a sturdy steel wheel, provide the power to cut through weeds, dirt, and debris in all those hard-to-reach places. It's muscular, easy-to-use, and fits on either axle of the Mantis Tiller.

Comes complete with balancing wheel and rear fender.

No. 8222

Wheel Set

With these wheels, you have the option of rolling your tiller to the garden. The wheel set makes the tiller easy to roll around your yard and over curbs and hills.

Works great with the Crevice Cleaner and Border Edger. The rubber wheels adjust to six different heights.

No. 9222

Plough

The Plough makes it easy to form straight, uniform furrows, both deep and shallow, much faster and more simply than you could do by hand. It's the **ideal planting attachment for vegetable gardeners!**

Propelled forward by the spinning tiller tines, the hardened steel plough blade quickly and easily creates planting furrows. (35-41 cm/14-16 in. wide)

No. 3333

Eliminate Thatch and Aerate for a Beautiful Lawn

Lawn Dethatcher

The Dethatcher features 60 strong, flexible spring steel picks that gently pull up thatch and weeds across a 38 cm/15 inch swath.

No. 5222

Lawn Aerator

Lawn Aerator cuts thousands of tiny slits in your lawn to reduce soil compaction to let in air, nutrients and water. This promotes the activity of beneficial soil microorganisms and encourages healthy lawns. Aerate before spot-seeding your lawn.

No. 4222

Tiller Packages

Mantis Lawn Care Package

Save money and keep your property in top shape!

Buy the two lawn care attachments together to supersize your tiller into the perfect Lawn Care Companion! Suitable for both the 4-stroke and the electric tiller, it will make your lawn the envy of all neighbours!

Dethatching - for greener lawns!

Lawn dethatching, when performed as needed, will go a long way in maintaining a healthy, green lawn! It removes thatch and moss and allows new grass shoots to grow in thick and lush.

Aerating - for healthier growth

The Mantis Aerator cuts into the soil under your lawn with four sets of tempered steel "knives," to permit easy absorption of water, oxygen and nutrients.

SPECIAL OFFER

Mantis Gardening Package

Vegetable growers!

Save money while you grow it yourself!

Buy the two planter attachments together to supersize your tiller into the perfect Garden and Allotment Tool! Suitable for both the 4-stroke and the electric tiller, it will help you to easily grow it yourself!

Dig deep, wide furrows (25 cm/6")

Perfect for tomato plants and corn, beans, potato eyes, asparagus roots, onion sets, and flower bulbs. You get drought-resistant root growth and excellent yields from root crops.

Plough and earth up in one go!

Create a furrow, plant your seed potatoes and use the Mantis furrower alongside the first planted row. The action of creating the second row will earth over the first row.

Tiller Storage Rack

Now you can easily hang your Mantis Tiller on a secure wall in your garage or shed, out of the way...when it is not in use. Seven pegboard-type hooks (long and short, single and double) let you hang tiller attachments from the rack, too, so they're always where you need them.

The most convenient way to store any Mantis Tiller!

- Saves precious floor space in your garage, basement, or garden shed
- Mounts easily!
- All hardware included (*Pegboard not included*)

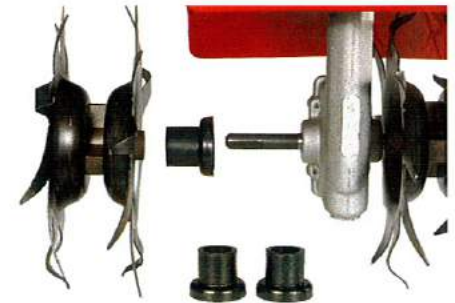

No. 811005

Weed Reducers

Helps reduce the amount of stringy weeds and vines that wrap around the tine shaft of the transmission. If weeds do wrap around the tine shaft, it's easier to remove them.

- Easy to install over the exposed tine shaft
- Comes as a pair

No. 1722

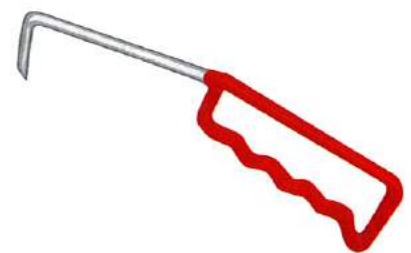

Tine Detangler

Easily remove weeds and vines that get wrapped around the tiller tines and axle. 27 cm/10.75 in. long.

- Made of strong steel
- Comfortable coated handle
- Won't break or wear out

No. 1322

Tiller Handy Item Kit

For 4-Stroke Tiller

Includes: 2 bottles of premium 4 stroke engine oil (80 ml ea.), 1 funnel, 1 spark plug, 1 air filter pad, 2 oz. tube of transmission grease, 1 transmission gasket, 2 tine retaining pins, and combo wrench.

No. 3777

Loadumper6™

Loadumper6™ Yard and Garden Cart

Unique, advanced design makes light work of the heaviest loads. The Loadumper6™ is a vast improvement on old traditional garden carts and wheelbarrows. It has greater stability and balance, it's light weight, and easy to use. When you **push down** on the handles, the front of the cart lifts up to make rolling almost effortless. It's so much less strain than other carts when you have to move and dump a heavy load of logs or fertiliser. The wheels stay on the ground and balance the tub so well that you can leave the Loadumper6™ at rest standing up.

Features and Benefits

- Lightweight, easy to use
- Durable, non-corrosive polyethylene tub and rust-resistant chassis will withstand years of use and abuse.
- More stable than a wheelbarrow.
- **Holds 170 litres of soil or mulch; 180 kg/400 lb capacity.**
- 30.5 cm/12 inch 2-ply run flat tyres for durability.
- **Push-down** handles allow for easy movement
- Heavy-duty, non-corrosive tub
- Made in the USA
- 2 year warranty

Loadumper6™ Yard and Garden Cart

No. 811039

Perfect for home gardeners or landscapers.

Easy to Use Mantis Loadumper6™
