

# Reciprocating Saw

## M4501

The MT series from Makita offers a comprehensive list of tools at an affordable market price. Produced to a standard far exceeding that of the DIY market, the MT series combines industrial build quality with fundamental professional requirements, without the professional price tag. The MT series is therefore tailored to suit all discerning home-users, apprentices and trade users, who don't require all the features of a high-end professional machine, just a robust and reliable tool to get the job done.

MT series tools are produced in the same worldwide Makita factories as fully fledged Makita tools, and are subject to the same stringent quality control processes.

### TECHNICAL SPECIFICATIONS

Max in wood	255 mm
Max cut in pipe	0 - 130 mm
Strokes per Minute	0 - 2,800 spm
Stroke Length	28 mm
Noise sound pressure	87 dB(A)
Noise sound power	98 dB(A)
Noise K factor	3 dB(A)
Input Wattage	1,010 w
Vibration K factor	1.5 m/sec <sup>2</sup>
Vibration: Cutting Wood	22.0 m/sec <sup>2</sup>
Vibration: Cutting Chipboard	19.5 m/sec <sup>2</sup>
Net weight	3.2 kg

### USER BENEFITS

- Variable speed control by trigger
- Tool-less blade change.
- Shoe Adjustment
- Built-in dust blower clears the line of cut for greater accuracy.
- Enhanced dust and drip-proof performance for use in outdoor applications or harsh environments.
- Large 2-finger trigger switch with conveniently-located lock-on button for continuous use and increased operator comfort
- Ergonomically designed handle with rubberised soft grip fits your hand perfectly to provide maximum control and comfort.
- Externally accessible brushes for greater serviceability
- Ideal for framers, carpenters, electricians, plumbers and general construction
