

# Finishing Sander

## M9203

The MT series from Makita offers a comprehensive list of tools at an affordable market price. Produced to a standard far exceeding that of the DIY market, the MT series combines industrial build quality with fundamental professional requirements, without the professional price tag. The MT series is therefore tailored to suit all discerning home-users, apprentices and trade users, who don't require all the features of a high-end professional machine, just a robust and reliable tool to get the job done.

MT series tools are produced in the same worldwide Makita factories as fully fledged Makita tools, and are subject to the same stringent quality control processes.

### TECHNICAL SPECIFICATIONS

Noise sound pressure	75 dB(A)
Noise K factor	3 dB(A)
Input Wattage	190 w
Orbits per Minute	12,000 opm
Orbit Diameter	2.0 mm
Sanding Stroke per Minute	24,000 spm
Pad Size	92 x 185 mm
Paper Size	93 x 228 mm
Vibration K factor	1.5 m/sec <sup>2</sup>
Vibration sanding sheet steel	5.0 m/sec <sup>2</sup>
Net weight	1.4 kg

### USER BENEFITS

- Built-in dust collection system
- High dust extraction rate.
- Ergonomically designed handle with rubberised soft grip fits your hand perfectly to provide maximum control and comfort.
- Compact and lightweight design
- Connectable to dust extractor
- Easy-to-operate paper clamp ensures easy installation/removal of paper.
- Rigid aluminium foot with rubberised sleeve provides high durability and effective vibration absorbing performance.
- Rocker on/off switch.
- Rubber switch cover prevents ingress of dust
- Double Insulation
